

I know and love many transgender people but transgender people are inherently vile and disgusting.

I vomit at the sight of chicks with dicks.

They're grooming the children, they're indoctrinating the media.

Wake up sheeple, the trannies are gonna get ya!

Theres only 2 genders, no your science is wrong, stop using woke science, big pharma is trying to convince you theres more than male and female so you'll take their hormones.

You can cut off whatever you want but it doesnt change the fact that you're a man.

I cant trust trans women in real womens spaces, their penises make them feral, no ho dare you imply that I'm calling them the male equivalent of hysterical, that's m i s o g y n i s t i c .

So do you think its okay to mutilate the body of a child and force them onto h o r m o n e s ?

Do you what you want I'm just looking out for the children.

Isn't the forced implementation of gender roles convenient whe you're not the minority gender anymore?

WE'v ll been harassed karen.

You sit and fight amongst yourself, its- repackaging the same shade and propaganda you used for the far left- do you take us for fools? With our pumped ps, wide hips, we're giving cunt- you're foaming at the mouth, geoning for your frustration, i dont like to read very much but i think its I'm just doing y thing in my micro mini, sipping on an iced latte through grinder making another closeted family n fall in love and you're lifening in the bathroom stall to hear if a pair of Against the bowl n the ladies. Get a grip, its thetic.
